#### DR. WORK DECLARES NATION GETTING CRAZIER

Denver, June 21.—"We're getting crazier as a nation and as individuals, every day. Men are becoming more refined in their vices, and as they do, insanity increases."

This was the statement made yesterday by Dr. Hubert Work, in charge of the Woodcraft Sanitarium, Pueblo, before the convention of the American Medico-Psychopathological association in session here last night.

"A complex social life, the terrible modern day competition in business, vice, disaster and alcohol are the reason for the increase of all sorts of mental disorders."

#### MISS HAZEL SCHMIDT HAS SLEPT FOR SIXTY-FIVE DAYS

Vandalia, Ill., June 21.—Miss Hazel Schmidt, who has been asleep at the home of her father here for 65 days, awoke last night and asked for something to eat. She was conscious and was placed in a chair beside her couch, but she soon was in slumberland again.

Members of the family are worn out by the constant vigil at her side. For three months previous to going to sleep Miss Schmidt, according to her mother, appeared drowsy. Her long sleep does not seem disquieting to her. Every means known to medical science has been employed to arouse her with but little or no effect.

Withrow jerked on the line and promptly the bear made its appearance. Angered by the pain of the hook in its mouth, the bear started toward Withrow, who sprang up the bank of the stream and escaped.

#### TO CURE SORE BUNIONS Treatment Marvelously Quick for This and All Foot Troubles

"Dissolve two tablespoonfuls of Calocide compound in a basin of hot water; soak the feet in this for full fifteen minutes, gently massaging the sore parts. (Less time will not give desired results.) Repeat this each night until cure is permanent." All pain and inflammation is drawn out instantly and the bunion soon is reduced to normal size. Corns and callouses can be peeled right off and will stay off. Sore, tender feet and smelly, sweaty feet need but a few treatments. A twenty-five cent package of Calocide is usually sufficient to put the worst feet in fine condition. Calocide is no longer confined to only the doctors' use. Any druggist has it in stock or will quickly get it from his wholesale house. This will prove a welcome item to persons who have been vainly trying to cure their foot troubles with ineffective tablets and foot powders.

"Do you think any one man could ever read all the new books?"
